

## AMF Gate Locks & Security Products

SINCE 1890, the name AMF (ANDREAS MAIER FELLBACH) has stood for reliability and the highest quality. Today our product range comprises more than 5,000 articles in the sectors clamping, hand tools and locks. That makes us the leading manufacturer in Europe.

But excellent products are only one side of the coin. For us, it is just as important to provide perfect service to our customers day in and day out. Our modern team organisation, introduced over the last few years, has laid firm foundations for this.

Your personal contact at AMF will take care of your needs - quickly, directly and competently. And our intentions have a name: The AMF Service Guarantee! This offers you five important advantages, which means extra security for you.

*Codringtons together with AMF offer planning advice and full technical support, before, during and after installation. For more information please see the full AMF catalogue or give us a call, email or fax, or speak to your local representative. Codringtons will try to ensure that you get the most sound and appropriate solution to match your requirements.*

## AMF SECURITY PRODUCTS

### HISTORY

**1890** Company founded as a lock manufacturer by Andreas Maier.

**1920** Production program extended to include screwdrivers and wrenches.

**1928** Production line assembly of "Fellbach locks".

**1951** AMF introduces clamping elements and diversifies into workpiece and tool clamping technology.

**1965** Toggle clamps extend the AMF product range. AMF catalogues are now printed in ten languages.

**1971** Further specialisation into hydraulic clamping.

**1982** Clamping and fixture systems round off AMF's competence in clamping.

**1996** Introduction of AMF TEAM ORGANISATION in all sectors of the business. Quality management with certification to ISO 9001.

**2002** Introduction of the AMF Service Guarantee.

**2004** Introduction of ZPS zero-point system expands AMF's clamping expertise.

**2005** Introduction of positioning system for laser marking.

**2007** AMF adds the TTEC clamping and fixture system for laser welding to its range of products.
